colour throughout,  
1 centre fold

250	£110
500	£120
1000	£130
2500	£160

### How do folded paper sizes work?

The sizes shown refer to the finished size of the document once it's been folded. So an A4 sheet folded in half is known as a 4 page A5 leaflet. A 6 page DL is what's sometimes referred to as a 'tri fold' A4; once folded it has six DL size pages.
